WELCOME TO **UNIQ Bridles**

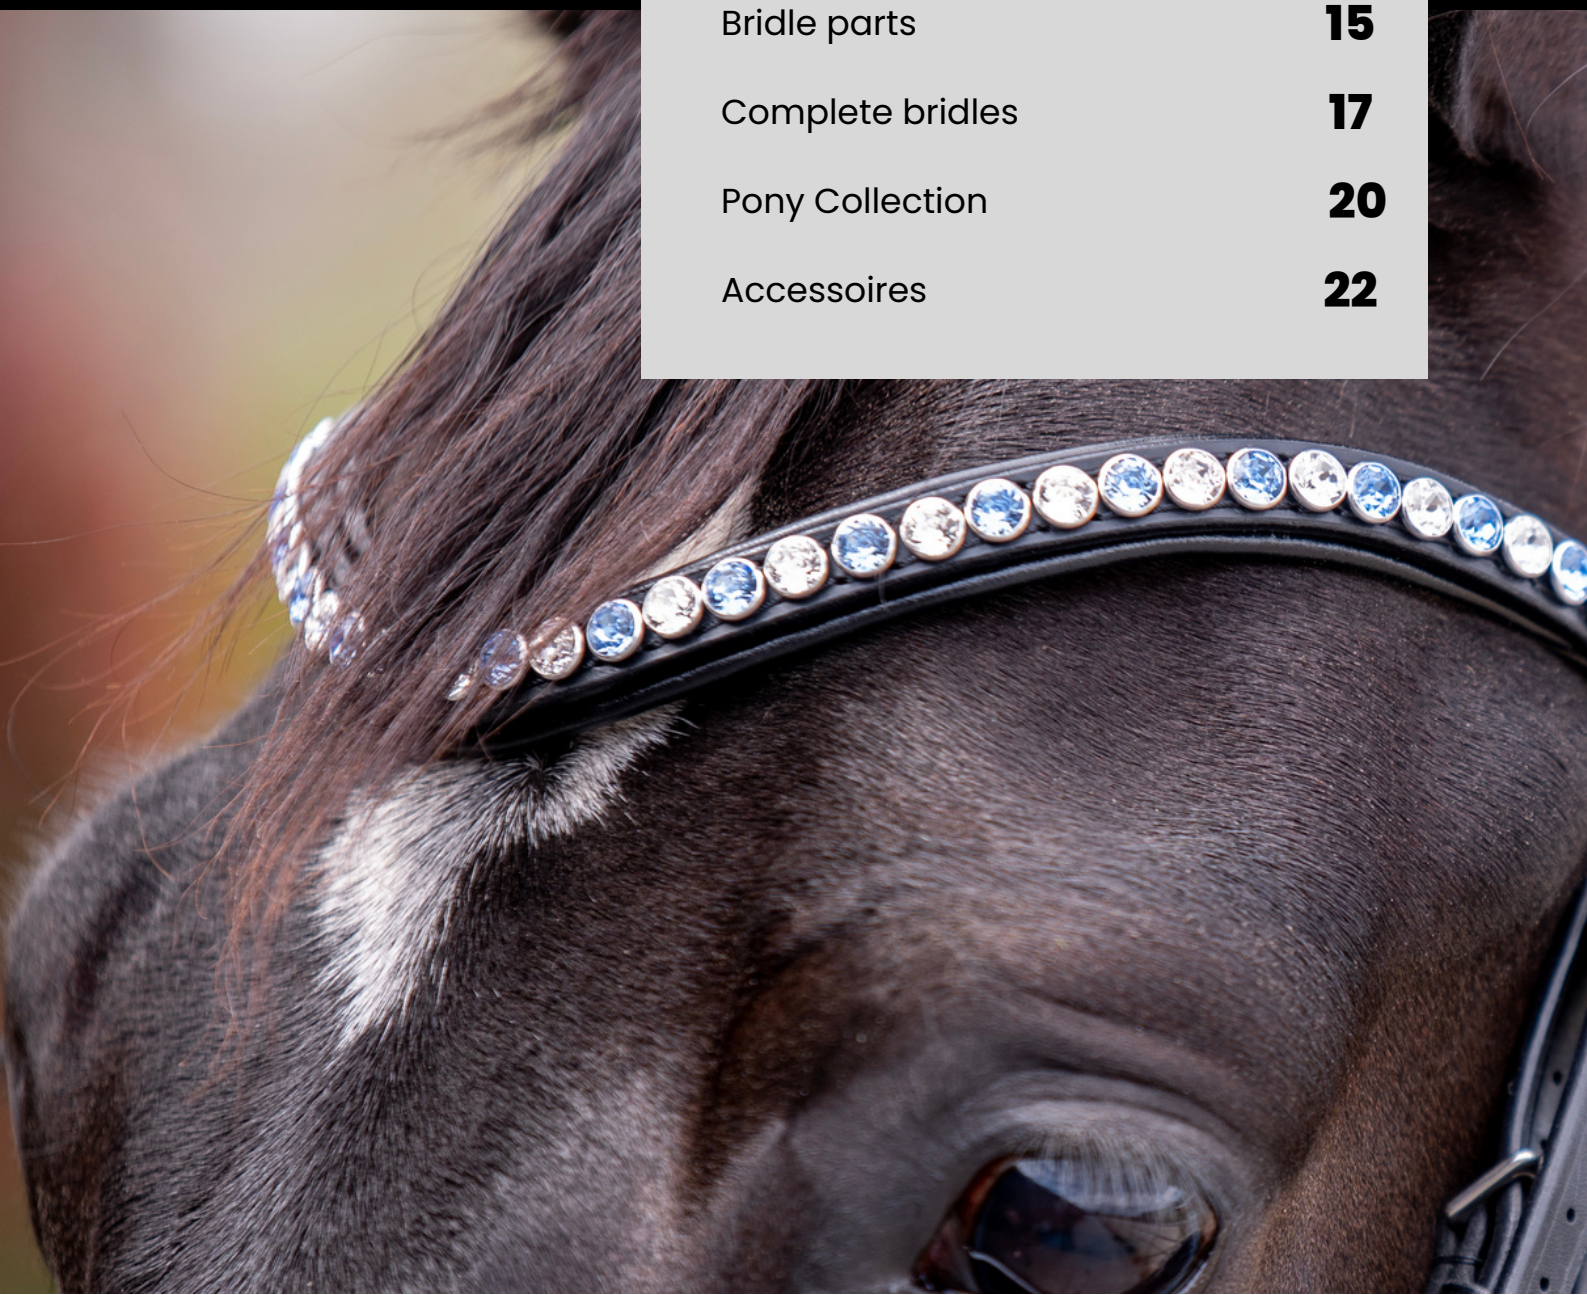

UNIQ Bridles is originated from a collaboration of bridlefitters and equestrian specialists. We identified a gap in the market and saw an upcoming trend that people become more aware of a well-fitting bridle. We felt it was possible to develop the market even further. We also had the problem that our horses did not fit in a standard bridle size. This made it mandatory to combine two or three bridles into one. This gave rise to the idea to develop a leather line to help horse and rider in the search for the right size bridle.

UNIQ Bridles are handmade by experienced craftsmen, the Italian leather is of high quality and the padding is soft and comfortable for the horse. The headpieces are anatomically shaped and provide optimal pressure relief, they avoid the TMJ and reduce pressure on sensitive nerves. The cheekpieces and nosebands have a unique nylon core to prevent stretching and breaking.

Since day one, UNIQ Bridles gives us so much energy and power that we are eager to develop our idea's more and better. We've already achieved a lot, but we have a long way to go. We want to make UNIQ Bridles one of the world's leading equestrian companies. There for collaboration is key to succes, together we can make it better.

CONCEPT

Create your bridle

Every horse is unique, every horse's head is different in length and width. That makes the search for a bridle that fits well in all areas not very easy. Cheekpieces that are too long, headpieces can pinch off between the ears or a noseband that doesn't have the greatest fit.

With Create Your Bridle you can choose every bridle part separately in different sizes to ensure the bridle fits your horse. You choose the design according to your wishes to create your dream bridle, for you and your horse.

All of our products are FEI approved. Available in black or brown color.

HEAD PIECES

Every horse has its own preference of pressure behind the ears. For that reason UNIQ Bridles has six different models of headpieces.

The headpieces are available in pony, cob and full size. In snaffle and double bridle.

LONDON

The anatomically shaped headpiece has a soft padded headpiece with large ear recesses that relieves the nerves and gives the ears more freedom of movement.

TOKYO

The anatomically shaped headpiece is a model with a larger cutout on top. It promotes freedom and movement of the ears. Soft padding ensures a fine pressure distribution.

AACHEN

The anatomically shaped headpiece is a model with a more square recess for the ears which distributes pressure evenly to provide the highest possible comfort.

PARIS

The anatomically shaped headpiece is a model with a straight pressure behind the ears, but a recess around the first cervical vertebra that gets sufficient space here and allows the horse to move optimally.

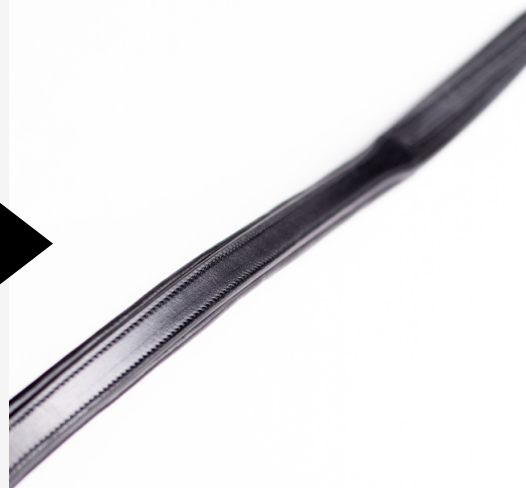

VENICE

The anatomically shaped headpiece is a model with a round cut-out for the ears, it prevents pressure on the sensitive nerves on the horse's head and reduces pressure behind the ears and neck band. The extra padding provides more room for the ears to move naturally.

MIAMI

The anatomically shaped headpiece is a narrow straight model that takes up little space, it reduces pressure behind the sensitive ears and the neck band. This allows the horse to move comfortably.

NOSEBANDS

Every horse has its own preference of pressure on the nose. For that reason UNIQ Bridles has three different types of nosebands in flat and round stitched leather.

The nosebands are available in three widths 35mm, 40mm and 50mm. Because there are various types and sizes of heads we have five sizes in the nosebands to make sure you will get a great fit. Pony, cob, full-1, full-2 and XFull

The nosebands are available in:

- Black
- Brown
- Patent
- Non-patent
- Black padding
- White padding
- Crystal rock Black
- Crystal rock Blue

ELEGANT

The Elegant noseband is made of Italian leather and soft padding. A drop-shaped design on the noseband, due to this design, the cheekbones are kept free from pressure and rubbing.

The upper strap of the noseband is tightened with a pull-back snap, which ensures that the pad underneath is always centered for optimal pressure distribution.

EXCELLENCE

The Excellence noseband is designed to avoid pressure from the outside on the teeth and sensitive nerves. The noseband model is narrower around the cheekbones and nerve endings to allow for freedom and space.

The noseband has a soft cushion for under the chin where the strap is attached.

PERFORMANCE

The Performance is a beautiful noseband that distributes the pressure on the nose. The bit recesses in the noseband ensure that the bit has room to move freely.

In this way, the skin of the cheek is prevented from being trapped between the noseband and the bit. The noseband has a soft cushion for under the chin where the strap is attached.

BROWBANDS

The browband of UNIQ Bridles are shaped in such a way that they do not put pressure on the chewing muscles or the jaw joint of your horse. Every browband is handmade in Holland.

We offer wide assortment of our high-end crystal browband in different colors. You can choose between patent and non-patent leather.

The browbands are available in sizes:

- Pony
- Cob
- Full
- XFull

We use the term crystals or high-end crystals, we are only allowed to name the origin of the crystals. This means that smaller companies that make exclusive products and do not reach a certain target may only use this text. Fortunately, we are allowed to work with these crystals by means of a special account number which is known to designated wholesalers. We own such a number and that's why so we guarantee crystals (from Austria)

CLASSIC

The Classic browband has crystals in the size of 8mm

CLASSIC XL

The Classic XL browband has crystals in the size of 9mm.

CRYSTAL ROCK

The browband crystal rock is available in patent leather with crystals in size L.

REINS

The reins are available in different materials so you can choose the right grip. The reins have blind closures with a unique nylon core to prevent stretching and breaking. The stable closure ensures a softer contact between the horse's mouth and the rider's hand.

The reins are available in flat and round stitched leather. Available in sizes 225 cm / 270 cm / 280 cm / 290 cm / 300 cm.

SUPER GRIP

A very soft and comfortable rein made of top quality "softy" leather combined with super grip on the inside for superior grip and comfort.

BIOTHANE RUBBER

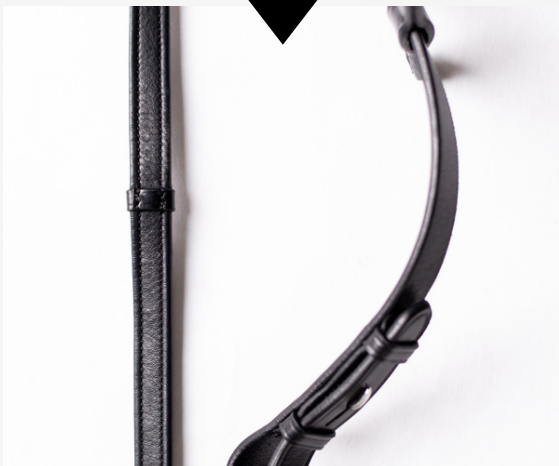

Rubber reins combined with top quality leather for a secure and comfortable grip.

SOFT LEATHER

Very soft and comfortable reins in top-quality "softy" leather. The reins have hand stops to ensure a secure and comfortable grip.

LEATHER

A soft leather rein, which can also be used as a double rein. The reins are available with a buckle or stitched together

BRIDLE PARTS

It is possible to get all parts in various sizes. This allows you to adjust the bridle exactly to fit the horse. Available in flat en round stitched leather.

COMPLETE BRIDLES

In addition to the bridles that can be put together, we also have standard bridles.

All the bridles are:

- FEI approved
- In black or brown color
- High end crystal browband
- Incl. dust bag for bridle
- The bridle comes without reins

LUCKY BRIDLE

Lucky bridle with an elegant noseband, made of soft leather has an anatomical design to allow for freedom around the cheekbones and the nerve endings.

Comfortably on a wide and padded headpiece that is anatomically shaped for optimal pressure relief.

The Lucky bridle comes in flat leather.

WINNER BRIDLE

Winner Bridle has an anatomically shaped headpiece with large ear recesses that relieves the nerves and gives the ears more freedom of movement.

With a noseband that distributes the pressure on the nose. The bit recesses in the noseband ensure that the bit has room to move freely.

Crystal rock finish to sparkle and flat leather.

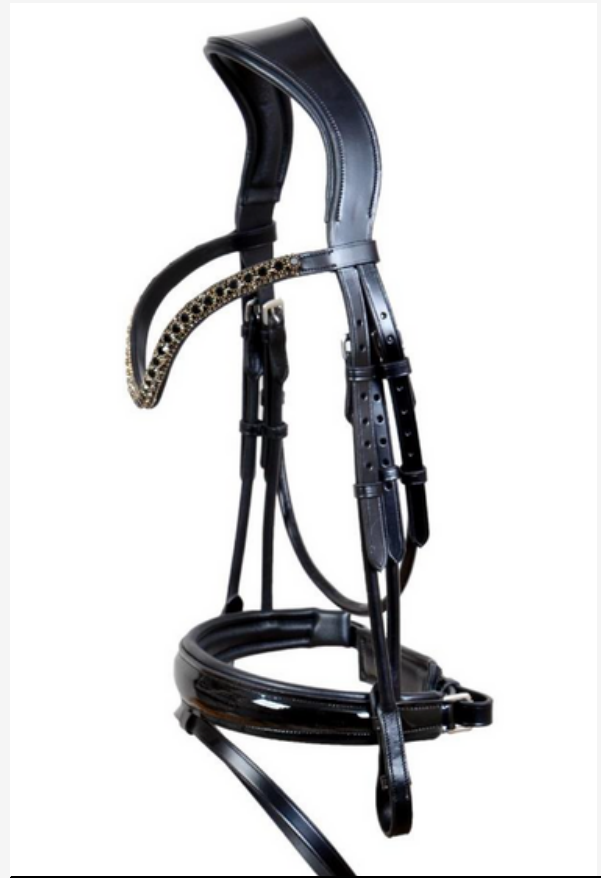

OLYMPIC BRIDLE

The Olympic Bridle has an extra soft neck padding to reduce the regional pressure on the horse's neck.

The noseband has a drop-shaped design with soft padding, in the middle it is 5cm wide and due to this design, the cheekbones are kept free from pressure and rubbing.

The Olympic bridle comes in round stitched leather.

COMFORT BRIDLE

The Comfort bridle has an anatomically shaped headpiece with large ear recesses that relieves the nerves and gives the ears more freedom of movement.

The noseband has a drop-shaped design with soft padding, in the middle it is 5cm wide and due to this design, the cheekbones are kept free from pressure and rubbing.

The Comfort bridle comes in round stitched leather.

NEW

PONY COLLECTION

Because it is not always easy to find quality products with the right fit for the little ponies, we have developed a special pony collection for them.

The products are specially measured and tested to ensure the correct sizes for our little ones. Stay stylish even in small sizes!

Accessoires

CRYSTAL ROCK HALTER

The UNIQ Bridles Crystal Rock is a premium Italian leather halter with crystal rock and silver color details. With our Crystal Rock halter, your horse will look stunning when you go on tournaments, training courses or at home, it lets your horse shine.

Not only appearance but also function is unbeatable. The anatomical headpiece prevents uncomfortable pressure on your horse's sensitive nerves.

Available in pony, cob and full size.

MONO STIRRUPS

The UNIQ Bridle mono stirrups are made of durable calfskin. Because the stirrups are mono you won't feel the stirrup leather on your saddle, so they are very comfortable. The stirrup leathers also have a cover for the buckle to protect your saddle and riding boots.

Available in the sizes

- 55 cm
- 65 cm
- 70 cm
- 75 cm
